Feature Search Functionality Test Cases

Tags: @search (report-tag_search.html)

Scenario Login >

43s 240ms

Tags: @search (report-tag_search.html)

Scenario 1 798162_Filter Testcase Report by a specific Creator >

50s 909ms

Tags: @search (report-tag_search.html)

Scenario 2 798166_Filter Testcase Report by a specific Priority and a specific user >

49s 568ms

Tags: @search (report-tag_search.html)

Scenario 3 798185_Filter by only auto testcases and execute "Summary" report >

38s 840ms

Tags: @search (report-tag_search.html)

Scenario 4 798201_Filter Testcase Report by multi-select Priority >

48s 869ms

Tags: @search (report-tag_search.html)

Scenario 5 798207_Filter Testcase Report by date range >

1m 4s 317ms

Tags: @search (report-tag_search.html)

Scenario 6 798298_Filter by covered testcases and execute "Detailed" report >

41s 406ms

Tags: @search (report-tag_search.html)

Scenario 7 798218_Filter by "All" coverage (both covered and non-covered) testcases >

52s 563ms

Tags: @search (report-tag_search.html)

Scenario 8 798222_Filter by coverage (both covered and non-covered) with multi-select Priority >

1m 17s 673ms

Tags: @search (report-tag_search.html)

Scenario 9 798223_Filter by just creation start date with coverage >

55s 811ms

Tags: @search (report-tag_search.html)

Scenario 10 798267_Filter by the combination of specific coverage ▼

1m 56s 649ms

Steps ▼

Given user is present in the Repository page

25s 969ms

When user Selects the Export Test

6s 987ms

And Select the specific check box required

10s 934ms

And Select The specfic Date Range

21s 773ms

And select the specific priority and creator

31s 288ms

And select the summary report

19s 696ms

java.lang.NullPointerException

```
java.lang.NullPointerException
    at com.zephyr.stepdefinition.FilterTestCaseReport_798162.select_the_summary_report(FilterTestCaseReport_798162.java:104)
    at *.And select the summary report(Features/Search_Master.feature:92)
```

Then Should generate the summary Test case report

000ms
