Feature Report

	Steps						Scenarios			Features	
Feature	Passed	Failed	Skipped	Pending	Undefined	Total	Passed	Failed	Total	Duration	Status
Export Functionality	98	2	6	0	0	106	20	2	22	21m 33s 713ms	Failed

Feature Export Functionality

Tags: @ExportFeature (report-tag_ExportFeature.html)

Scenario Login ▼

25s 796ms

Steps ▼

Given User Selects the Browser, Launches it and Maximises it

14s 242ms

When User Navigates to the URL provided

5s 035ms

And User Enters Username, Password and clicks on login

6s 484ms

Then User should be Logged in into Zephyr Successfully

033ms

Tags: @ExportFeature (report-tag_ExportFeature.html)

Scenario 798102 Export Tree Node at Release level as Tester ▼

36s 412ms

Steps ▼

Given User is in the Test RepositoryPage

16s 873ms

When User Select the Release and choose Export Test Option

6s 831ms

And select Data Report to an Excel File

12s 705ms

Then all the Selected test case should be exported

002ms

Tags: @ExportFeature (report-tag_ExportFeature.html)

Scenario 798103 Export Tree node at Release level and generate Summary Report as Tester ▼

41s 535ms

Steps ▼

Given User is in the Test RepositoryPage

15s 904ms

When User Select the Release and choose Export Test option

6s 774ms

And Select report type as summary

3s 233ms

And generate the output in HTML/PDF/Word format

15s 622ms

Then all the Selected test cases Should be exported

000ms

Tags: @ExportFeature (report-tag_ExportFeature.html)

Scenario 798104 Export Tree node at Release level and generate Detailed Report as Tester ▼

44s 788ms

Steps ▼

Given User is in the Test RepositoryPage

16s 120ms

When User Select the Release and Choose Export Tests Option

9s 776ms

And Select Report type as Detailed

18s 891ms

Then Test Case Should be Exported in detailed

000ms

Tags: @ExportFeature (report-tag_ExportFeature.html)

Scenario Outline 798108 Export Tree node have test cases with Attachements ▼

51s 316ms

Steps ▼

Given User is in the Test RepositoryPage

16s 038ms

When User Select the Node and Choose Test Export Option

13s 441ms

And Select Report type "Data (Excel only)"

3s 285ms

And Select Output type "Excel"

15s 549ms

Then Test Case should be exported with attachment"Excel"

3s 001ms

Tags: @ExportFeature (report-tag_ExportFeature.html)

Scenario Outline 798108 Export Tree node have test cases with Attachements ▼

54s 659ms

Steps ▼

Given User is in the Test RepositoryPage

16s 149ms

When User Select the Node and Choose Test Export Option

13s 581ms

And Select Report type "Summary"

3s 262ms

And Select Output type "PDF"

18s 663ms

Then Test Case should be exported with attachment"PDF"

3s 002ms

Tags: @ExportFeature (report-tag_ExportFeature.html)

Scenario Outline 798108 Export Tree node have test cases with Attachements ▼

54s 371ms

Steps ▼

Given User is in the Test RepositoryPage

16s 085ms

When User Select the Node and Choose Test Export Option

13s 422ms

And Select Report type "Detailed"	3s 252ms
And Select Output type "Word"	18s 610ms
Then Test Case should be exported with attachment"Word"	3s
Tags: @ExportFeature (report-tag_ExportFeature.html)	
Scenario Outline 798108 Export Tree node have test cases with Attachements ▼	54s 315ms
Steps ▼	
Given User is in the Test RepositoryPage	15s 912ms
When User Select the Node and Choose Test Export Option	13s 597ms
And Select Report type "Summary"	3s 212ms
And Select Output type "HTML"	18s 588ms
Then Test Case should be exported with attachment"HTML"	3s 004ms
Tags: @ExportFeature (report-tag_ExportFeature.html)	
Scenario Outline 798112 Export tree node (P/S/SS) have testcases with test steps, and execute Data/Summary/Detailed report to any format (HTML/PDF/Word/Excel) as Tester ▼	48s 228ms
Steps ▼	
Given User is in the test repository page	15s 885ms
When User select the node and Choose test export option	13s 590ms
And Select Report type "Data (Excel only)" as Data/Summary/Detailed/Summary	3s 257ms
And Select Output type "Excel" as Excel/PDF/Word/HTML	15s 491ms
Then Test Case should be exported with test steps "Excel"	003ms
Tags: @ExportFeature (report-tag_ExportFeature.html)	
Scenario Outline 798112 Export tree node (P/S/SS) have testcases with test steps, and execute Data/Summary/Detailed report to any format (HTML/PDF/Word/Excel) as Tester ▼	51s 392ms
Steps ▼	
Given User is in the test repository page	16s 006ms
When User select the node and Choose test export option	13s 560ms
And Select Report type "Summary" as Data/Summary/Detailed/Summary	3s 213ms
And Select Output type "PDF" as Excel/PDF/Word/HTML	18s 610ms
Then Test Case should be exported with test steps "PDF"	000ms
Tags: @ExportFeature (report-tag_ExportFeature.html)	
Scenario Outline 798112 Export tree node (P/S/SS) have testcases with test steps, and execute Data/Summary/Detailed report to any format (HTML/PDF/Word/Excel) as Tester ▼	51s 146ms
Steps ▼	
Given User is in the test repository page	15s 930ms
When User select the node and Choose test export option	13s 363ms
And Select Report type "Detailed" as Data/Summary/Detailed/Summary	3s 243ms
And Select Output type "Word" as Excel/PDF/Word/HTML	18s 607ms
Then Test Case should be exported with test steps "Word"	001ms
Tags: @ExportFeature (report-tag_ExportFeature.html)	
Scenario Outline 798112 Export tree node (P/S/SS) have testcases with test steps, and execute Data/Summary/Detailed report to any format (HTML/PDF/Word/Excel) as Tester ▼	51s 342ms
Steps ▼	
Given User is in the test repository page	16s 023ms
When User select the node and Choose test export option	13s 452ms
And Select Report type "Summary" as Data/Summary/Detailed/Summary	3s 242ms
And Select Output type "HTML" as Excel/PDF/Word/HTML	18s 621ms
Then Test Case should be exported with test steps "HTML"	003ms
Tags: @ExportFeature (report-tag_ExportFeature.html)	
Scenario 798067 Export the search results when searched with In this release checkbox is selected as Tester ▼	1m 15s 875ms
Steps ▼	
Given User is in the test repository page	15s 966ms
When User select the node	9s 477ms
And Add few test case in the node	30s 622ms
And navigate to search and select the option in these release	257ms
And export the test cases	19s 551ms
Then should be able to export only the returned result	000ms
Tags: @ExportFeature (report-tag_ExportFeature.html)	
Scenario 798116 Export nested Phase have testcases at lowest level in the tree have test steps, and execute Data/Detailed report to any format (HTML/PDF/Word/Excel) as Tester ▼	1m 4s 450ms
Steps ▼	
Given User is in the test repository page	16s 010ms
When User Select the node and choose export test option	35s 732ms
And Select report type	3s 282ms
And Select output type	9s 424ms
Then test cases should be exported Sucessfully	000ms
Tags: @ExportFeature (report-tag_ExportFeature.html)	
	1m 433ms

Scenario 798136 Export multi-Select testcases(includes both Manual and Auto) in TCC Grid and execute Detailed report to any format (HTML/PDF/Word/Excel) as Tester ▼

Steps ▼

Given User is in the test repository page	16s 026ms
When User select the node	9s 510ms
And User select the multiple test cases	12s 748ms
And click on export button and select Detailed report	9s 534ms
And select Output type	3s 216ms
And click on Save and Download	9s 394ms
Then test Case should be exported Successfully	000ms

Tags: @ExportFeature (report-tag_ExportFeature.html)

Scenario 798353 Export tree node at Release/P/S/SS level if nodes under it have testcases with different values for estimated time as Tester ▼ 45s 280ms

Steps ▼

Given User is in the test repository page	16s 307ms
When User select the node and choose test export option	16s 277ms
And Select report type as Summary	3s 297ms
And select output type	9s 396ms
Then Test Case should be exported with different estimated time	001ms

Tags: @ExportFeature (report-tag_ExportFeature.html)

Scenario 798068 Export the search results when searched with In this release checkbox is unselected as Tester ▼ 1m 15s 746ms

Steps ▼

Given User is in the test repository page	16s 055ms
When User select the node	9s 448ms
And Add few test cases in the node	30s 646ms
And navigate to search and Unselect the option in these release	19s 593ms
Then should be able to export all the testcases irrespective of the search results	001ms

Tags: @ExportFeature (report-tag_ExportFeature.html)

Scenario 798387 Export Phase having testcases with multiple test steps at different level(P/S/SS) as Tester ▼ 39s 423ms

Steps ▼

Given User is in the test repository page	15s 918ms
When User Select the Phase and choose export test option	14s 163ms
And click on Save and Download	9s 340ms
Then test case should be exported with test steps	001ms

Tags: @ExportFeature (report-tag_ExportFeature.html)

Scenario 798363 Move system to system of other tree node to become subsystem, Export at release level ▼ 4m 18s 497ms

Steps ▼

Given User is in the test repository page	16s 014ms
When User move system to system of other tree node	4m 2s 483ms
org.openqa.selenium.NoSuchElementException: no such element: Unable to locate element: {"method":"xpath","selector":"//a[text()='Move']"}	
And Export test cases at release level	000ms
Then test cases should be exported	000ms

Tags: @ExportFeature (report-tag_ExportFeature.html)

Scenario 798063 Export selected test cases in search as Laed/Manager ▼ 32s 023ms

Steps ▼

Given User is in the test Repository Page	32s 023ms
org.openqa.selenium.StaleElementReferenceException: stale element reference: element is not attached to the page document	
When User Add a phase and add test cases in the phase	000ms
And navigate to search and search test cases	000ms
And select few test cases and export	000ms
Then selected test cases in search results should be exported	000ms

Tags: @ExportFeature (report-tag_ExportFeature.html)

Scenario 798064 Export test cases in search by clicking on Export button as Manager ▼ 1m 011ms

Steps ▼

Given User is in the Node Page	25s 394ms
When User Add few test cases to the node	15s 358ms
And navigate to search page and click on export	19s 257ms
Then all the test cases present in search result should be exported	001ms

Tags: @ExportFeature (report-tag_ExportFeature.html)

Scenario Logout ▼ 16s 666ms

Steps ▼

Given User is in the Zephyr ProjectPage	6s 378ms
When User Clicks on logout Icon	6s 083ms
And User clicks on Logout Option	4s 202ms
Then User should be logged out from Zephyr Application Successfully	001ms
