Tags: @CreateFeature (report-tag_CreateFeature.html)

Scenario Login ▼

37s 511ms

Steps ▼

Given User Selects the Browser, Launches it and Maximises it

24s 365ms

When User Navigates to the URL provided

6s 033ms

And User Enters Username, Password and clicks on login

7s 101ms

Then User should be Logged in into Zephyr Successfully

010ms

Tags: @CreateFeature (report-tag_CreateFeature.html)

Scenario 809275 Adding multiple Tags to the Test Case as Tester ▼

2m 32s 239ms

Steps ▼

Given Tester is in the Phase of Test Repository Page

31s 169ms

When Tester click on Add button

17s 688ms

And Enters Multiple Tags

1m 43s 377ms

Then New Test Case Should be Added With Multiple Tags

004ms

Tags: @CreateFeature (report-tag_CreateFeature.html)

Scenario 809283 Adding tags to the test case as Tester ▼

1m 48s 120ms

Steps ▼

Given User is in the Test case page

1m 48s 120ms

org.openqa.selenium.NoSuchElementException: no such element: Unable to locate element:
{"method":"xpath","selector":"//div[@title='TestCase_809283']"}

When User Add tags to the test case

000ms

Then Tags successfully added to the test case

000ms

Tags: @CreateFeature (report-tag_CreateFeature.html)

Scenario 809321 Create a test Case with Test Steps and Save ▼

1m 14s 215ms

Steps ▼

Given Tester is in Test Case Page of Subsystem

34s 319ms

When User click on Add Tab

17s 241ms

And Change the Summary Of Test Case

10s 086ms

And Enters the Step Details Field

12s 566ms

Then Test Case With Step Detail Field Should be Created

000ms

Tags: @CreateFeature (report-tag_CreateFeature.html)

Scenario 809365 Adding Attachement to the Test Case as Tester ▼

1m 40s 453ms

Steps ▼

Given Tester is in Test Case Detail Page

1m 40s 453ms

org.openqa.selenium.NoSuchElementException: no such element: Unable to locate element: {"method":"xpath","selector":"//div[@title='Camp_Attach']"}

When Tester Navigates to Attachement and Drag and Drop the File

000ms

Then File should be Added To the Test Case

000ms

Tags: @CreateFeature (report-tag_CreateFeature.html)

Scenario 809040 As Tester, add more than one attachment to a Test case ▼

1m 36s 588ms

Steps ▼

Given user is in the phase page

26s 901ms

When User Select the test case

1m 9s 686ms

org.openqa.selenium.NoSuchElementException: no such element: Unable to locate element: {"method":"xpath","selector":"//div[@title='Test_809040']"}

And Add a attachment to the test case

000ms

Then File should be attached to the test case

000ms

Tags: @CreateFeature (report-tag_CreateFeature.html)

Scenario 809116 Adding a Test case as Lead in Phase, System and Subsystem ▼

2m 41s 760ms

Steps ▼

Given Lead is in Test Repository Page

16s 109ms

When lead selects the phase	10s 486ms
And clicks On Add button	21s 704ms
Then new Test Case Should be Added to the Phase	9s 070ms
When lead selects The System	19s 660ms
And clicks On Add button	21s 631ms
Then new Test Case Should be Added to the System	9s 073ms
When lead selects The Subsystem	23s 274ms
And clicks On Add button	21s 693ms
Then new Test Case Should be Added to the Subsystem	9s 056ms

Tags: @CreateFeature (report-tag_CreateFeature.html)

Scenario 809347 Create test case with name having maximum characters ▼ 1m 10s 401ms

Steps ▼

Given Lead or Manager is in the TestRepository Page	16s 218ms
When User Creates a Phase	23s 012ms
And Add a Test Case with name having max character	31s 167ms
Then Test case should be added with Name	002ms

Tags: @CreateFeature (report-tag_CreateFeature.html)

Scenario 809129 Adding Attachements to the Test Case as Lead ▼ 1m 42s 250ms

Steps ▼

Given Lead is in Test Case Details Page	1m 42s 250ms
org.openqa.selenium.NoSuchElementException: no such element: Unable to locate element: {"method":"xpath","selector":"//div[@title='Attachement_809129']"}	
When Lead click On Attachement and browse The File	000ms
Then Selected File Should Be Attached To The Test Case	000ms

Tags: @CreateFeature (report-tag_CreateFeature.html)

Scenario Logout ▼ 17s 323ms

Steps ▼

Given User is in the Zephyr ProjectPage	6s 337ms
When User Clicks on logout Icon	6s 103ms
And User clicks on Logout Option	4s 877ms
Then User should be logged out from Zephyr Application Successfully	004ms
